## General Information

The active matrix TFT (thin film transistor) liquid crystal display open frame module. It is designed to fit with custom housing for commercial use.

## Important Information

Warning: To reduce the risk of fire or electric shock, do not expose this product to rain or moisture.

**Caution: To reduce the risk of electric shock, do not remove cover. No user-serviceable parts inside. Refer servicing to qualified service personnel.**

## Safety Precautions

1. **Cleaning:** Unplug the power cord from the AC outlet before cleaning the product. Use a damp cloth to clean the product. Do not use liquid cleaners or aerosol cleaners.
2. **Water and moisture:** Do not use the product near water, such as bathtub, washbasin, kitchen sink and laundry tub, swimming pool and in a wet basement.
3. **Heat sources:** Keep the product away from heat sources such as radiators, heaters, stoves and other heat-generating products (including amplifiers).
4. **Stand:** Do not place the product on an unstable Cart, stand, tripod or table. Placing the product on an unstable base can cause the product to fall, resulting in serious personal injuries as well as damage to the product.
5. If an extension cord is used with this product, make sure that the total of the ampere ratings on the products plugged into the extension cord does not exceed the extension cord ampere rating. Also make sure that the total of all products plugged into the wall outlet does not exceed 15 amps.

6. Ventilation-The vents and other openings are designed for ventilation. Do not cover or block these vents and openings since insufficient ventilation can cause overheating and/or shorten the life of the product.
7. The LCD panel used in this product is made of glass. Therefore, it can break when the product is dropped or struck. Be careful when cleaning up broken glass pieces if the LCD panel breaks.
8. The LCD panel is a very high technology product, giving you fine picture details. Occasionally, a few non-active pixels may appear on the screen as a fixed point of blue, green or red. This many non-active pixels are considered acceptable.
9. Do not attempt to service this product yourself, as opening or removing covers may expose you to dangerous voltage points or other risks and will void the warranty. Refer all servicing to qualified services personnel.

## Introduction

### About the Product

This product is a microprocessor-controlled to work with 6.4"- 42" TFT LCD Panel. It is designed to meet the demanding performance requirements of today's business and industrial applications.

### Notice

1. Do not touch the LCD panel Surface with sharp or hard objects.
2. Do not use abrasive cleaners, waxes or solvents for cleaning, use only a dry or damp, soft cloth.
3. Use only with a high quality, safety-approved, AC/DC power adapter.

### Check List

## Troubleshooting

If you are experiencing trouble with the Open Frame Monitor, refer to the following. If the problem persists, please contact your local dealer.

**Problem: No image appears in the display.**

- Check if the signal cable is firmly seated in the socket.
- Make sure the pin of the connectors are not crooked or broken.
- Check all the I/O and power connectors are installed correctly.

**Problem: Partial image or incorrectly display image.**

- Check to see if the resolution of your computer is higher than that of the LCD display.
- Check all the I/O and power connectors are installed correctly.

**Problem: Position of the screen is not in the center.**

- Adjust the H-position, and V-position, or Perform the Auto adjustment.

**Problem: The screen is too bright (too dark).**

- Check if the brightness or contrast control is at the appropriate position, not at the Maximum/Minimum.

**Problem: The screen is shaking or waving.**

- Press (AUTO) to adjust the best performance.
- Check if the signal timing of the computer system is within the specification of monitor.

## Compatibility Mode

Model	Resolution	H Freq(kHz)	V Freq(kHz)
0	640*480	31.469	59.940
1	640*480	35.000	66.667
2	640*480	37.861	72.809
3	640*480	37.500	75.000
4	720*350	31.469	70.087
5	720*400	31.469	70.087
6	800*600	35.156	56.250
7	800*600	37.879	60.317
8	800*600	48.077	72.188
9	800*600	46.875	75.000
10	832*624	49.750	74.500
11	1024*768	48.363	60.004
12	1024*768	56.476	70.069
13	1024*768	58.038	71.918
14	1024*768	60.023	75.029
15	1280*1024	64.000	60.000
16	1280*1024	80.000	75.000
